

Dear Orchestra Parents and Guardians,

One of the biggest concerns with having orchestra online is tuning. Over the next week I will be hosting zoom sessions to teach the basics of how to tune your instrument. It is essential that both child and adult be present for your zoom session. Please sign up for ONE of the many offered several time slots in the signup genius link. As we navigate through online learning, I am requesting that parents be present and a part of the tuning process. After our initial tuning session, you and your child are welcome to try tuning on your own. If you are ever stuck, please reach out to me through Remind and we can do a private tuning session via zoom. I can also do a home visit if necessary. <https://www.signupgenius.com/go/508094DADAA2EABFF2-learning>

“See” you soon!

Commented [AR1]:

Create a Sign-Up Genius for tuning. Give multiple Time slots on multiple days. Try to keep your instruments together in small groups so that it is easier for the whole group.

Consider making a how-to-tune video for each instrument for students to reference.
